## Get started with the premium class.

It's what you've been waiting for. The benefits of contact premium:

Ergonomic grip design

Drop-in loading

Label feed

Change of ink-roll

**slip-resistant and comfortabel**  
Soft-touch handle for a snug hold

**clean and easy**

Easy insertion and removal of the ink-roller means no more dirty fingers.

**accurate and precise**

Pre-punched transport cuts in the backing paper ensure precision label feed to achieve a consistent print image.

**fast an simple**

With the contact transport system, changing the label-roll is child's play.  
A patent solution for easy handling.

**Effortless labelling**

Full-cover housing

Optional large bold print

Optional cliché-slide

**for effective working**

Very little effort required, short operating path, optimised weight

**for additional variable information**

Easy to insert/remove für marking labels with different or additional product information

**label-roll protected inside**

Sturdy and impact-resistant one-piece plastic housing

- label-roll inside protected against damp and dirt. The label roll is visible through a transparent panel.

**promotionally effective**

Extra-large characters  
- 8.5mm in size -  
boost sales and highlight promotions

Our handlabellers are manufactured with extra care, precision and to high quality standards and have established themselves worldwide as Made in Germany quality products for pricing and labelling.
