Labelling Systems

Are you looking for the premium option for your labelling?

Our handlabellers are manufactured with extra care, precision and to high quality standards and have established themselves worldwide as Made in Germany quality products for pricing and labelling. Our many patents testify to the superior technology of our durable, sturdy, light and cost-effective modular design. This ensures an ergonomic, user-friendly product which permits effortless and fast handling and maximum legibility.

See for yourself the benefits of the new premium series of handlabellers:

Ergonomic grip design

Drop-in loading

fast and simple

With the contact transport system, changing the label-roll is child's play. A patent solution for easy handling.

Label feed

accurate and precise

Pre-punched transport cuts in the backing paper ensure precision label feed to achieve a consistent print image.

Change of ink-roll

clean and easy

Easy insertion and removal of the ink-roller means no more dirty fingers.

slip-resistant and comfortable

Soft-touch handle for a snug hold

Effortless labelling

for effective working

Very little effort required, short operating path, optimised weight

Full-cover housing

label-roll protected inside

Sturdy and impact-resistant one-piece plastic housing

- label-roll inside protected against damp and dirt. The label roll is visible through a transparent panel.

Optional large bold print

promotionally effective

Extra-large characters

- 8.5mm in size -

boost sales and highlight promotions

Optional cliché-slide

for additional variable information

Easy to insert/remove für marking labels with different or additional product information
